

NEIGHBOURHOOD PRIORITIES

MARLBOROUGH RURAL WEST NEIGHBOURHOOD POLICING

July 2009

Neighbourhood Watch Bulletin

If you have not met Polly or me yet, why not come to one of our Open Mornings? They are held between 10.00am and noon every Tuesday morning at Marlborough Police Station.

You can follow our forecast of meetings on the Neighbourhood Policing part of the Wiltshire Police Website.

The Solstice was considered a success at Avebury last month, the visitors enjoyed themselves, with minimum disruption to others.

Nuisance motorcyclists are still a problem in Beckhampton and the road to Broad Hinton. We had a motor cyclists safety evening in Avebury, trying to engage with these people to persuade them that they do not have

to put lives at risk by speeding, in order to enjoy an evening's motorcycling. They were polite, but time will tell if we got the message through.

Many thanks to the person who called in about the JCB parked on the Ridgeway. It was stolen and has been reunited with its owner.

With summer upon us, it is important to continue to think about the security of both houses and vehicles. Front doors should remain locked and front windows closed when you are in the back garden. No matter how hot it gets, you should keep all but the smallest ground floor windows closed at night. Remember some burglary teams include a young teenager specifically for getting in through fan windows
