

## Specific Recommendations

- Reposition gateways and paint white
- New village signs to reflect village logo
- Widen the pathway outside the Inn with the Well
- New School Travel plan
- Investigate the possibility of adding a driveway to the front gardens of two Housing Association properties at Chapel Close to allow for off road parking for the residents of the three bungalows.
- Make Bottom Lane one way with entry only from the village. Maintain a contra flow for cyclists. This can only be taken forward after consultation with residents.
- Improve planting in Coronation Gardens to make more of a focal point on entering the village.

## Local Actions

There are a number of issues which we consider could be solved by the village and will form part of the Actions for the Parish Plan.

- As a result of the competition for a Village logo we will be able to commission new village signs although funding will be needed.
- We will recommend that the local Police Officer carries out spot checks to warn people of illegal parking in the village.
- We will recommend that residents of Liddiards Green form a group to resolve their parking issues.
- In 2013 the School is planning to update their School Travel Plan. We have been invited to review their questionnaire and we will be recommending that they note the inconsiderate parking of parents.
- In some places along the west side of the Old Marlborough Road hedges and front gardens have spread out across the path making it difficult for anyone to walk safely along the pavement particularly parents with buggies. We will ask that residents deal with this.
- A Community Speed Watch group has been set up and is awaiting training.
- Discuss with Aster Communities the possibility of a driveway and parking area for the properties at Chapel Close.
- Reposition village gateways and paint white
- Consultation with residents of Bottom Lane
- Request Highways to install warning signs as vehicles approach the village from Aldbourne

**Issues needing further discussion**

- Cost of pathway alongside the Inn with the Well
- Roundels at the junction of High street and Old Marlborough road and at the crossroads of the slip road with Bytham road
