DEVIZES TOWN

PCSO 7712 Emily SYKES
MARLBOROUGH

PCSO 3965 Sam BURNSIDE
DEVIZES RURAL

Local Priorities

Priory Garden- Anti-social behaviour patrols-

We have received complaints of ASB by youths in the area of Priory Gardens, Marlborough. Numerous patrols have been carried out and several stop/searches with a negative result.

Dwelling Burglaries in and around Marlborough –

Due to a number of reports regarding burglaries, officers have been in the main areas where the Burglaries have taken place. There have been 25 patrols in 28 days offering reassurance to the public. The numbers of Burglaries have decreased.

Night time economy patrols, Marlborough High Street–

After recent drugs intelligence, Police has teamed up with licensing to crack down on the license premises visits and patrols within the high street, Marlborough. PCSO Braithwaite along with licensing have regenerated the Pubwatch meetings with all the pub landlords showing a real responsibility and good community working.

Updates.....

From 23rd May 2018 In support of our Community Speed Watch Volunteers our Community Policing Teams (CPT) are carrying out speed checks within their designated geographical areas.

Destinations for checks are identified through statistics sent in from our volunteers and complaints from local residents made to their CPT teams. Locations of checks change with this in mind and priority is given to the most high risk areas.

If a member of public is concerned with speeding in a specific area, we would encourage them to speak with their Community Policing Team.

The locations will be put on our Social Media so residents will be aware of our presence.

****This is still ongoing, many of our villages included so far with more to come****

Burglaries

Due to the holiday season well upon us East CPT are advising people to consider security measures when away;

To improve the security in and around your home we are asking residents to remember the following advice:

- Lock your doors and windows every time you leave the house, even if you're in the garden, and make sure you have approved locks or bolts on all doors and windows
- Never leave a spare key in a hiding place like in a plant pot or letterbox - a thief knows all the hiding places
- Keep all keys, purses and wallets out of sight and away from the letterbox
- Consider installing a burglar alarm, and only use a company that is registered or certified with the NSI or the SSIAB
- Do not open the door to anyone you don't know or are not expecting. Always check by using a spy-hole or look through a window
- Make sure that you have up to date contents insurance
- Register all serial numbers from electrical items, tools and garden equipment with Immobilise.com (the free national property register). Mark items without serial numbers with an artificial DNA property marker such as Smartwater or SelectaDNA
- Do not keep large amounts of cash at home - it is much safer in a bank or building society
- Trim back any plants and hedges at the front of your property to no higher than 1 metre to remove hiding places
- Always report any suspicious activity, note any vehicle registrations, descriptions of persons involved and direction of travel
- Use a timer to set lights to mimic your usual activity when you are not at home
- Take photographs of all jewellery including hallmarks and keep them safe. Also consider using an artificial DNA property marker on jewellery or other valuable items
- Make sure any bolts are low enough so they cannot be opened by reaching over the top of the gate.

DOGS IN CARS

WE ARE STILL RECEIVING CALLS REGARDING DOGS BEING LEFT IN CARS. IF YOU ARE GOING SHOPPING, DO NOT TAKE YOUR DOG WITH YOU IF YOU ARE GOING TO LEAVE IT IN THE VEHICLE, IT REALLY IS THAT SIMPLE. WE HAVE HAD 7 CALLS FOR DEVIZES ALONE THIS LAST MONTH.

Please remember to never leave your dog in a vehicle on a warm day as heatstroke can be fatal for dogs. The following link gives advice about what to do if you see a dog in distress and legally what you can do to help the dog. The second link also to the RSPCA website, gives advice about keeping your pets cool in the summer and also about walking your dogs in hot weather.

Dogs die in hot cars

Share this today and save a dog's life

Never leave your dog alone in a car

If it's 22°C outside, inside a car it can get to 47°C within 60 minutes

In hot stuffy vehicles dogs cannot cool themselves down, even with the windows open

Heatstroke can be fatal to dogs

If you see a dog in a car on a warm day, call 999
